Island Princess To Connect With Sidney

MV. Island Princess will call at Ganges for last time next week.

Second Ferry Into Sidney Brings New Link To Area

Second ferry service will operate into Sidney next week. As from March 7 the Island Princess will relinquish her schedule of operations into Ganges and will inaugurate a new routine providing for a two-hour lay-over in Sidney three times each week.

The announcement was made at the week-end by managing director of the Coast Ferries, Ltd., O. H. New. He explained that the traffic through Ganges had fallen during the past year from 30 per cent of the total carried on its trips to 10 per cent.

"We presume that this decline is due to the frequent service between Salt Spring Island and Swartz Bay," said Mr. New in a letter to the Salt Spring Chamber of Commerce. This service, he noted, was provided at "probably less than half the cost of providing the necessary service." He was referring to the fact that the service is assisted by a subsidy while his own is not.

FALSE ALARM

Unknown person who spoke with a heavy foreign accent occasioned a false alarm on Monday afternoon when members of the Sidney and North Saanich Volunteer Fire Department were called out to attend an automobile fire on Brethour Ave.

Arriving at the scene of the alleged blaze the members of the fire brigade could not find the slightest trace of a fire and returned to their base.

FOR MARINA

Council Approves Lease Of Saanichton Foreshore

Application for a foreshore lease for the construction of a new marina near Turquoise Point, Saanichton Bay, found the approval of Central Saanich council last week.

Victoria contractors Wakeham and Trimble, who own a subdivided area of 23 acres near the site, between Patricia Bay Highway and the shore, expressed the opinion that the attractive marina would be an asset to the area.

Big List Of Pictures Is Presented By Photographer

Proficient studio photographer in Sidney for many years, George Fleming, of Resthaven Drive, has retired.

During the time of his activities in Sidney Mr. Fleming photographed hundreds of local residents, singly and in family groups.

Upon his retirement he looked through his store of hundreds of negatives and decided not to destroy them. His stock of negatives now lies in the office of The Review and may be made available to the persons depicted.

While earlier photographs of individuals are no longer current there are many negatives among his collection of family groups which can never be replaced or repeated.

Families whose group pictures have been among those taken by Mr. Fleming may communicate with The Review to recover the negative. Every effort will be made to meet such requests, although The Review cannot guarantee the availability of any such transparency.

The opportunity to gain possession of these older and often highly-valued negatives is a final community gesture by the man who served the community for so long.

Ratepayers To Set Outline Of By-Law

Representatives of community organizations will meet with trustees of Saanich School District on Monday evening, March 6, to investigate the presentation of a new school building by-law. Re-establishing a practice pioneered by Saanich School District nearly a decade ago, the board will make no final plans for school construction until the voice of the community has been heard.

On Monday evening Chairman Reginald Sinkinson declined to offer any substantial information on plans for building and called the meeting sharply to order when the discussion strayed to the by-law.

"There is no by-law yet," he emphasized.

Mr. Sinkinson promised that no action would be taken without prior advice of ratepayers. He did, however, reveal that a number of proposals will be presented on Monday.

Ratepayers will be given the choice of a plan based on academic

needs or one fundamentally concerned with the economics of the situation. His reference was interpreted as a choice of fully filling the school gap with only passing regard to the cost of meeting the situation at the lowest price.

CALL TO ORDER

Lewis Harvey hinted at problems facing the school board until he was called to order. "I am here solely to get schools," he stated. "If we go to the people with the idea of building a high school at Cordova Bay we will be unpopular."

He was sharply called to order at this point. The meeting on Monday in Mount Newton high school will not be open to the general public, ratepayers' delegates will be by invitation only.

Later, when a further discussion appeared likely, it was Capt. Jack Rowton who clamped down.

A letter from Saanich Teachers' Association offered every co-operation in the matter of preparing a by-law.

Ganges Marina Operator Is Project Manager For Mill

A Ganges man has been appointed project manager in charge of the construction of the new paper mill at Ocean Falls with Crown Zellerbach.

Mr. and Mrs. Frattinger have been resident on Salt Spring Island for the past several years. They have established their marina at Scott Point and have become part of the community life of the Ganges area. They have a son and a daughter.

A professional engineer, Mr. Frattinger is a graduate of U.B.C. in arts and applied science. He is a member of the Engineering Institute of Canada and the Association of Professional Engineers.

The appointment takes effect as from March 1. Schedule calls for the completion of the mill by 1964. It will use the raw material already produced at Crofton Mill.

Mr. Frattinger is no newcomer to paper mills. He has served at three such mills in Canada and the United States, latterly being employed by McMillan and Bloedel at Port Al.

TRAVEL AGENT TRAVELS

Those employed by a travel service are likely to travel. K. C. Cantwell of the staff of T.C.A. at Patricia Bay Airport discovered the truth of this earlier in the week.

The day after he moved with his family into his new home on Weller Ave., he was offered a transfer to Vancouver.

He will leave Patricia Bay later in the year.

VISITOR FROM PERU COMPARES SYSTEMS

PERUVIAN SCHOOLS SEEK TO EXCEED BASIC STANDARDS

Schools in Peru are required to meet a specific standard established by the government. This standard is the minimum permissible. Many schools, including all private schools, make a practice of exceeding the minimum.

Visitor from the South American country, Jack Canslaw, was in Sidney during the past few days at the home of Mr. and Mrs. Frank Richards, Patricia Bay Highway. Mr. Canslaw explained that the system

of schools in the country in which he makes his home is not restricted to any schedule of teaching and the staff of a school may forgo ahead far beyond the basic standards.

Mr. Canslaw has been teaching in Peru for the past five years or so. He has been associated there with W. A. Richards, a former resident of Sidney and now operating a private boarding school near Lima.

Majority of private schools are operated on the British system.

Saanich Woman Kidnapped By Group At Her Home

—R.C.M.P. Investigating

Torture And Brutality

Are They Practiced Here?

Are people of Saanich Peninsula still being exposed to the barbaric rites of an ancient society?

This question is prompted by the police investigation into a case of abduction in Saanich over the week-end.

Are the victims of this ritualism exposed to a strict form of physical and mental torture during the initiation? Do they then become initiates of an awesome and intimidating secret society?

Are there Indians in Saanich today who still bear the marks of the teeth which bit into them during initiation ceremonies, or the scars of burns inflicted when they failed to maintain the degree of intimidation required of them during these rites?

The entire question of Indian dancing is coming into the fore as the Indian populace accepts the belief that a kidnapped woman was taken forcibly for initiation.

There are few who will speak of the rites of this centuries-old practice. For hundreds of years the expression, "taken as a dancer," has been accepted with its implication of unwilling participation.

Saanich woman was abducted on Sunday evening when she was forcibly taken from her home by a group of men. Sidney detachment, R.C.M.P., are investigating the report but have not yet disclosed the extent of their investigations.

Police were called out on Sunday by the husband of the kidnapped woman and made an immediate enquiry.

It was stated that the woman was at home, alone, when a knock on the door revealed a friend of the family. The victim opened the door and four men leaped out of the shadows to enter the house. The housewife attempted to take refuge in the bathroom, but she was too late and witnesses stated that she was carried, screaming to a waiting truck.

The incident took place on the Tsartlip Indian Reserve at West Saanich.

It is the first time in Indian history here that a member of the band has appealed to the police against his own people in such a case.

The woman is alleged to have been taken as a dancer to undergo the ancient rites which have been practiced by the Indians here for centuries.

Investigations were carried out at two local reserves. While the incident under investigation took place at West Saanich it is understood that the victim was taken to East Saanich Reserve.

Representation

Saanich School District will be represented on Trustee Day at the University of British Columbia, on March 14.

The trustees gather at the university where they meet student teachers and offer an outline of problems and features of the various districts, among other exchanges.

The school board on Monday evening felt that a trustee from this district should attend as an insurance of new teachers when the students graduate.

JOHN FORGE

John Forge Is Named Kinsman Of The Year For Activities

Prominent Sidney resident, John Forge, has been named Kinsman of the year at the annual Kinsmen banquet on February 18 at the Armories, Patricia Bay Airport. He was presented with the perpetual trophy of the club by Trevor Thompson, first charter secretary of the Kinsmen Club in Hamilton, Ont., 40 years ago. Mr. Forge's very active association with Sidney Air Cadet Squadron 676 was partly responsible for his selection. He is a teacher at Royal Oak high school and serves as vice-president of the Sidney Kinsmen Club.

Record Sale Of Licenses In Sidney

Record sale of 1961 license plates are reported by staff of Sidney municipal hall. At the close of business on Tuesday, Feb. 28, sales of plates totalled \$65,000. This figure is approximately \$10,000 higher than at the same date last year. Sales of plates continued steadily on Wednesday morning at the municipal office although all cars should have been equipped with 1961 plates by March 1.

Bowler Sets New Record

Ken Soles has given local five-pin bowlers something to shoot at.

After a lay-off of some 10-12 years when he bowled with the Royal Canadian Navy, Mr. Soles got back into the swing of things on Sunday afternoon at Sidney Lanes where he spilled the maples for a single game score of 350 and created a new house record.

Previous high single in open bowling (333) was posted by George Parish. Al Clayton is top man in league play with a high single of 326.

Mr. Soles was bowling with his family and friends when he set the new house record.

She Was Not Amused At That Time

She is laughing about it now, but a housewife in Sidney was not amused at a recent experience in her home.

Having redecorated her home, she acquired a new stove and promptly employed her vacuum cleaner to remove all soot and dirt from her heating and cooking installations.

When the job was finished she straightened up to assess her work. She was horrified. The filter was missing from the vacuum cleaner and she had deposited a heavy layer of oily soot over the whole house.

IN CENTRAL SAANICH

Civil Defence Officer To Be Appointed By Council

Central Saanich council is planning the appointment of a civil defence officer. The council will advertise the position and the successful applicant will receive a yearly salary of \$500 or \$600. This decision by the council on Tuesday night followed the report from Reeve R. G. Lee who had recently attended a meeting at Civil Defence headquarters.

The reeve explained the need for civil defence and stated that the federal government gives every possible assistance to defence-minded municipalities.

Citing an example, he told councillors that Ottawa is willing to pay 90 per cent of the salary for a special civil defence officer.

"We should do our part," Reeve Lee said, "even if we do it only for those people in our municipality who are interested in civil defence and who wish to benefit from the available information on survival in atomic warfare."

Duties of a civil defence officer in the municipality consist of survey within the municipality and civil defence training in close co-operation

New Board To Sit For First Time Under New System Here

New zoning board of appeal for the North Saanich Community Planning Area will sit for the first time next week to consider an application for remodelling of a commercial building in North Saanich.

The board was appointed following the changeover in the district from a regulated area to a community planning area. Hitherto the district had been represented by one group concerned with planning problems and appeals from building regulations. Under the terms of the establishment of a community planning

area matters of planning are considered by the advisory planning commission, which is an advisory body without power to implement its recommendations. The one appeal board formerly considered also any request to deviate from the building regulations.

Under the new regime the appeal board considers only questions in this latter category. Findings of the three-man board are, however, mandatory.

Board consists of Frank G. Richards, chairman; S. G. Watling and L. R. Christian.

compare very favorably with any in the world.

While discipline is closely maintained, the classes are small, often restricted to 10 students and never exceeding 20.

TRAINING CORPS

Local requirement is the maintenance of a Pre-Military Training Corps. Not unlike the cadet units operated independently of schools across Canada, it more nearly resembles the O.T.C. of English schools which has been seen in the past in some private schools in Canada. Students are required to undertake the elements of military drill and discipline. An annual inspection gives various schools the opportunity to vie for distinction and awards.

Mr. Canselaw noted that the Peruvian school sees the principal as the top authority in all matters pertaining to his school. He expressed a keen interest in the Canadian system whereby the inspector of schools holds a parallel authority.

A native of Northumberland, in England, Mr. Canselaw made his way to South America, undertaking a term of teaching on contract to a school near Lima, after teaching in a number of schools in England. Finding the country warm and pleasant to live in, he has continued to teach there for several years.

During his holiday in Canada he has been staying with an aunt, Miss J. Craig, at Cordova Bay.

At the close of his summer holiday

Mrs. T. Gurton, East Saanich Road, has undergone surgery at St. Joseph's Hospital this week.

Members of Hud Graham's beginners' class in Victoria were entertained in the Kinsmen Hall by the Sidney Sadd-lites square dance group on Saturday. A crowd of 154 dancers made up 18 squares. Former members were also on hand to renew acquaintances and to enjoy an evening of games and dancing. The "Hat Dance" was one of the highlights. Guest callers were Mrs. E. Graham and S. Evans.

Mrs. E. A. Rothery, Patricia Bay Highway, is a patient at Jubilee Hospital after undergoing surgery.

Don Green, Bazar Bay Road, expects to leave this week for San Diego, Calif., where he will visit his uncle.

Mr. and Mrs. F. W. Sparks and family have recently taken up residence at 975 Towner Park Road.

Mrs. Ethel Turner, who is on the staff of the department of transport, Patricia Bay, left for a holiday on a banana boat for Ecuador.

After attending a birthday celebration in Chilliwack, Mrs. S. Dawson returned to her home on Lands End Road.

Lloyd Gardner and friend, Miss Christine Cameron, were at the former's home, Shoreacre Road, during the week-end.

Scout Week Closes With Church Parade At Sidney

Boy Scout Week reached its climax in the Sidney district on Sunday afternoon when more than 150 girls and boys and their leaders took part in a church parade. Members of the Brownies, Guides, Cubs and Scouts formed up at the Guide and Scout Hall, and marched along Third St. and up Queens Ave. to St. Paul's United Church.

The church, full almost to capacity with uniformed young people, reverberated with youthful voices as they joined with the United Church junior choir in the singing.

Church parade for the Saanichton Cub pack had been held the previous Sunday, when 15 Cubs took part in the services at St. Mary's Anglican Church.

BANQUET

The 9th Tsartlip (Saanichton) pack also held a most successful banquet when 32 fathers and sons sat down to dinner together. Part of the program, which included short talks by District Commissioner W. Gibson and District Cubmaster W. Stewart, also had a going up ceremony for

POWERFUL SEA SAGA AND BRITISH COMEDY AT GEM

Suspense-packed saga of the sea, "Sink the Bismarck", with Kenneth More and Dana Wynter in the leading roles will be presented by the Gem Theatre on Thursday, Friday and Saturday, Mar. 2, 3 and 4. The film tells the story of the last battle of the mighty 52,000-ton German battleship "Bismarck" which concentrated practically the whole British fleet. This battleship was considered capable, by both sides, of winning the war against Britain for Germany in a single afternoon. When the Bismarck sank there were only 100 survivors from the 2,500-man crew. The script to the 20th Century cinemascopia production was written in Hollywood by Edmund H. North, based on the book "Sink the Bismarck" by C. S. Forester. The sea saga was filmed on locations in the Atlantic and the North Sea. The interiors were done at Pinewood Studios in London. It was produced with the full co-operation of the Royal Navy by Lord Brabourne and directed by Lewis Gilbert. Co-starring are Carl Moller, Laurence Naismith, Geoffrey Keen, Karel Stepanek and others. This film will bring back to memory Winston Churchill's famous words, "This is a battle we cannot afford to lose. I don't care how you do it, you must—sink the Bismarck."

British comedian Peter Sellers co-stars with Terry-Thomas and Luciana Paoletti in the Bouffant Brothers' comedy, "Carlton Brown of the F.O.", which will be featured at the Gem on Monday, Tuesday and Wednesday, Mar. 6, 7 and 8. This successful Arthur Rank release is produced and directed by Roy Boulting. When news reaches Britain's foreign office indicating rich mineral deposits in the small island state of Gaillardia their interest in the colony is re-awakened, only to turn

They have also been making afghans and now find that they have exhausted their supply of odds and ends of wool for this purpose. If any readers have any quantity of wool on hand, preferably three-ply, for which they have no further use, these ladies could make use of it, no matter how small. Such donors may telephone either Mrs.

to consternation on the death of the old king, a faithful ally. Learning that other big powers are also interested in the small island the F.O. sends a special ambassador to strengthen the bonds of friendship. Guided by diplomatic precedents the F.O. official achieves a brilliant series of disasters and after many complications, revolution, counter-revolution and military shambles the diplomat's career is almost brought to a sudden end. However, as peace incredibly descends on Gaillardia the unlucky British envoy, Carlton Browne is decorated for his endeavours on behalf of international peace and security. Other actors in this hilarious comedy are Thorley Walters as Colonel Bellingham, Ian Baner as the young king of a finally united country and Raymond Huntley as foreign office minister.

K. A. Wood at Granite 4-2216 or Mrs. C. H. King at Granite 4-1450. Arrangements will be made to pick up the wool.

Service was held in James Island Community Church on Sunday, with Roger Bray, Anglican layman, conducting the service. Floral decorations were donated by Mrs. H. A. Rowbottom. Following the service an invitation was extended to the congregation to remain for tea.

Symphony Plays For Grade 7 Pupils

North Saanich high school grade 7 students attended a program prepared by the Victoria Symphony Orchestra under Hans Gruber.

Mr. Gruber prepared this program after consulting music teachers of the Greater Victoria area so that it fitted in with the subjects being taught to the grade 7 classes.

The program included general introductions to all the instruments of the orchestra. Selections were played by the orchestra to illustrate the use of all the instruments discussed and demonstrated. Mr. Magee and Mr. Boyd accompanied the students.

ial Church Young People met on Sunday, Feb. 26. Several interesting meetings, including a musical program to be presented by Lake Hill Y.P. on March 10 has been planned. The young people are also looking forward to the Easter conference which will have the theme, "That I May Know Him".

TWO ADDRESSES GIVEN TO 4-H HOME ARTS CLUB

Saanich 4-H Home Arts Club had several distinguished guests at its last meeting.

Mrs. G. Cave and Mrs. W. Buchanan attended as representatives of the Lake Hill Women's Institute, and Mrs. S. Levar represented the Madrona Toastmistress Club.

The business on hand was followed by a discussion on money raising possibilities.

Following this two members, Mary Lord and Nancy Miller gave speeches entitled respectively, "Beauty and You" and "The Meaning of 4-H". Mrs. Levar offered constructive criticism, and showed the members an evaluation form, which she offered to obtain for the club.

All the members and guests present were then subjected to impromptu speeches which proved to be very entertaining and added a light touch to the evening.

Meet Deanna Walker of the Sidney Branch of the Bank of Montreal

Deanna is invariably the early bird around the Sidney Branch of the Bank of Montreal. She has worked at the Bank for more than a year now and always manages to get there well ahead of time.

Born in Victoria, Deanna came to Sidney when she was just two years old. She graduated from North Saanich High in '59, after winning the P.T.A. award for proficiency in commercial subjects three years in a row.

Now she applies what she learned to her B of M job as a ledgerkeeper.

A happy worker, Deanna enjoys meeting people both on and off the job; her hobbies include sewing and art and she lives with her mother at 2471 Bazan Avenue.

A NEW FERRY SERVICE

RESIDENTS of the Saanich Peninsula are preparing to welcome still another new ferry service to this district. Next Tuesday M.V. Island Princess will arrive at the Port of Sidney to forge a new link with the islands of Galiano, Mayne, Saturna and the Penders. The vessel, whose home port is Steveston, at the mouth of the Fraser River, will make regular calls to Sidney four times weekly in the future.

Each Tuesday, Thursday, Saturday and Sunday the sturdy little ship, operated by Coast Ferries Ltd., will arrive at the Sidney wharf early in the afternoon. She will remain here for around two hours, giving passengers an opportunity to shop here. The new service could bring broad smiles to the faces of Sidney businessmen as residents of the Islands increase their commerce with this community. On Fridays Island Princess will sail from Steveston around the Islands and back to the mainland without visiting Sidney.

Everyone in this district knows that ferry services are essential to the growth and expansion of such a marine area. Every new ferry service adds its contribution to our welfare.

EDUCATION WEEK

FOR the first time, possibly since the inauguration of the annual Education Week, the need for this attention-getter is non-existent.

At the present time the attention of every thinking man and woman is on the subject of education in one or another of its ramifications.

Throughout the Saanich School District as well as the Gulf Islands District the various schools will mark Education Week in a variety of manners. Many schools will be open to the general public and many functions will be held outside school hours.

This attention on one of the most important factors in the national life of Canada will undoubtedly bring about many changes in the administration of schools and their curricula.

The occasion brings to mind two considerations which have been given considerable emphasis during recent months in this area.

Last week a prominent educationalist appeared in Sidney to speak on various aspects of education. Professor Tony Emery offered a fervent recommendation to his audience. He urged that everyone, before discussing or speculating on the Chant report should read it. There is no question but that he is right.

To discuss with authority the views of the Chant Commission without first reading the report is rather like entering into a learned discussion of the Bible after undertaking the first few lessons of a primary course on religion.

A second recommendation which originated here was the comment of Saanich School Trustee Jack Rowton, who was recently critical of the provincial government's attitude on education.

The government has little concern with the subject, commented Capt. Rowton. The minister who supervises education also makes himself responsible for the portfolio of labor; he noted. Thus, there is one cabinet minister responsible for two of the most onerous portfolios in the government, concluded the trustee.

Despite the public concern over education the government has not echoed it by making any change whereby the problems of education might become the sole concern of one minister.

During Education Week these matters might well receive the careful consideration of those to whom they were addressed.

A COMMUNITY SERVICE

MANY visitors to Rest Haven hospital during the past few weeks have expressed their warm commendation of the new emergency ward established in the basement of the hospital.

The new facilities, which are equipped with almost every modern medical aid, are located conveniently for their accessibility from outside the building. The finish is immaculate and the picture greeting the visitor is one of efficiency and cleanliness.

The North Saanich hospital is now better equipped than it ever was for the reception of accident and emergency cases.

The announcement of the new facilities comes simultaneously with the announcement by Fire Chief G. A. Gardner of the heavy demands on the emergency ambulance service during the past year.

There is a close link between these two services and each complements the other to the ultimate benefit of everyone who makes his home in the Saanich Peninsula as well as the unfortunate traveller who meets with disaster.

AN ANNUAL LEAP

IN all its 12 years here the Saanich Peninsula Credit Union has never looked back. When it was launched shortly after the end of World War Two here were many critics who questioned whether such a co-operative system could survive any but the most prosperous times.

The local Credit Union has not only proved its ability to ride a storm, but it has gained impetus at the very time when the contrary was reasonable to expect.

While the executive was obliged to watch its operations with a closer eye than had been the case at any time in its previous history, the Saanich Peninsula Credit Union still chalked up a record figure for its operation.

This important unit in the local economy has now proved itself and its entire directorate merits the highest commendation. Its members have benefitted immeasurably from its contribution to this community.

OPEN HOUSE AT TSARTLIP ON FRIDAY, MAR. 10

Education Week will be featured next week at Tsartlip Indian school by a special open house on Friday, Mar. 10.

Visitors will be welcomed to the school between 1:30 and 3 p.m. by the principal, Rev. Sister Noel and her staff.

The school is the consolidated Indian elementary school serving the four reserves of Saanich Peninsula.

ACROSS MY DESK

REPORT FROM VICTORIA

by

JOHN D. T. TISDALE, M.L.A.

The budget debate has produced more informative results than the previous hit and run crossfire of the Throne speech. No doubt the Speaker was partly responsible for this as he brought down his gavel and ruling on less repetition, and reading of speeches by M.L.A.'s Time after time he urged the members to stick to the budget.

It was refreshing to hear the second member from North Vancouver, M.L.A. Gordon Gibson play the "ball" rather than the man, after all we are here to debate policies not people.

Mr. Gibson said he would sooner have socialism in B.C. than the private ownership of our natural resources be in the hands of five or 10 big companies.

I don't know whether this is Liberal policy or not, however, there are only about five or 10 big oil companies and they operate in many countries, including Saskatchewan. As for the B.C. tree farm licenses, they are under lease to private companies, not ownership. The alienation of our resources through Crown-granting was done away with by this government a few years ago.

When Ray Perrault was asked if Mr. Gibson's forest policy was the Liberal policy he answered, "It was partly Mr. Gibson's and partly the Liberal policy."

Mr. Bonner, in closing the debate, remarked that it would appear there are four Liberals in the house with five policies.

SHOCKING
Honorable Mrs. Buda Brown (S.C. Vancouver-Point Grey) attacked a recent debate held at the University of B.C. on "Is Chastity Outmoded?" and condemned as "shocking" and "immoral" a questionnaire sent to U.B.C. students before the debate. She declined to give copies to the press (or me) because it was "too filthy".

She cracked the knuckles of the faculty of U.B.C. for allowing such things to go on.

"This lack of virtuousness and moral standards is not just a mere passing whim, but calls for serious consideration and action by U.B.C. authorities to supervise and censor such distasteful functions."

"Each of us is morally culpable and must share in the responsibility for this degradation. It seems to be a trend of the time that parents and educators are back sliding on their responsibilities to guide the moral training of our children."

"It was never meant to be that young people should take over and run things as they please," she added. "When adults and responsible people fail to speak up they are contributing to delinquencies."

"Is it illogical to assume that these young people having accepted the

silent blessing of their elders in such degrading thinking and exploitations of the very basest and lowest concepts that can be conceived by immoral minds, should then conclude that this is an acceptable way of life for them to give leadership to the rest of the community?" she asked.

CHANGES
The minister of education made an excellent speech on the changes in the School Act in respect to the recommendations of the Chant Report and the matter of educational finance.

On finance the minister contended that it was not necessary to have a Royal Commission, to which the C.C.F. agreed, as they said "all the facts were available to the department now". The minister said that the Liberals had expressed themselves during the election on removing all the educational tax from property without increasing taxes. They had the answers then, but they had failed in this house to give us the formula. This was an admission that their promises cannot be believed, Mr. Peterson said.

The minister strongly warned that school costs cannot be allowed to go higher; that B.C.'s costs per capita are the highest in Canada. He said that in 1952 B.C.'s per-pupil cost was \$200 and in 1960 \$344.

There will be a volume increase, he said, due to increased numbers, but there should not be an appreciable increase per capita in the cost level of providing educational services.

The minister said there was a \$6 million increase in his budget this year which would provide for a \$60 million grant for education. This is a 387 per cent increase since 1952 with a corresponding 80 per cent enrollment increase, the minister noted.

Mr. Peterson stated that 34 per cent of all classrooms have been built since 1952, and over \$31 millions in bonds were sold in 1960 for capital construction.

DO NOT AGREE
I believe the people of B.C. are keenly interested in the cost of education and would not agree with the C.C.F. member for Revelstoke, "that we should provide education and facilities with the price tag removed."

Attorney-General Robert Bonner, in closing the budget debate, pointed out that there had been no one in the opposition who had shown anywhere that there should be a reduction in any service. He said if the C.C.F. proposal to transfer all school costs and welfare social service costs to the province had happened, and (fortunately it didn't as they were still in the opposition) this would have created an increase in taxes the like of which this province had never seen and never would want to see again.

The minister said increase in the budget reflected the percentage increases in population and relevant demands; "the growing needs of a growing people, day by day. No one

"For I know that my redeemer liveth and that he shall stand at the latter day upon the earth: And though after my skin worms destroy this body, yet in my flesh I shall see God": Job 19:25, 26.

Soon it will be spring. Trees that have appeared dead all winter are breaking forth in blossom. Where there was bare earth awhile ago there is now a daffodil, a crocus. Soon you gardeners will be watching your trees carefully for signs of that ever present pest, the tent caterpillar. They are pests, its true, but don't you marvel when you think of the stages of its life—a tiny egg, hidden on a branch of your apple tree, a hungry larva, eating everything within reach, a full-grown caterpillar, then a chrysalis, then that marvelous change to a butterfly, no longer earth-bound but air-borne, able to find another of your trees on which to lay its eggs.

Yes, all around us we witness God's silent evidence of new life—yet man, with his limited vision, finds it so hard to conceive of a new life for himself. But it can be had. Jesus Christ tells us that death is not the end but only the beginning for those who put their trust in His atoning death on the cross. From death there is life for you if you will but receive it from His hands.

BANKERS IN SECOND PLACE IN BOWLING TOURNAMENT

Bankers "B", Sidney branch of the Bank of Montreal's entry in the local Commercial Bowling League, captured second place in the recent booster tournament sponsored by the Victoria Five-Pin Association.

First place in the tournament went to an entry from the Victoria Commercial League with a three-game total of 3,953. The Bankers came within 29 pins of the winner, with a score of 3,924. Another Victoria entry finished in third place with 3,923, just one pin behind the Sidney aggregation.

Sidney's Credit Union team No. 4 captured the prize for high team on

home alleys, with a score of 3,889. Representing Bankers "B" in the booster tournament were Ron Carter, Hazel Nunn, Eunice McKay, Wm. Crowe and Georg Jendrossek. Players on the Credit Union team were Tom Robinson, Elizabeth Schneider, Doreen Miller, Norman Shillitto and John Wainscott.

MORE ABOUT

BY-LAW

(Continued From Page One)

THEN OR SOONER?

Capt. Rowton and D. E. Woodsworth reached a mild controversy. Mr. Woodsworth wanted a special meeting with teachers ahead of the semi-public meeting. Capt. Rowton noted that the teachers would be invited to have representation at the meeting.

Following an initial exchange, Capt. Rowton pulled down the screen and suggested it be discussed in committee.

About a dozen delegates from various local organizations, who had attended in the hope of learning something of the new by-law sat through the meeting and left without making any comment. Trustees were assured that the delegates appreciated the situation and would be happy to withhold comment until Monday.

IMPAIRMENT CHARGE COST FINE OF \$150

Drivers of two cars which crashed on Lochside Drive, in a curve north of Bazar Bay Road on Thursday night, both escaped injury.

Car driven by Malcolm George Gray, Victoria, struck the car driven by Frank Baker, Sidney. Sliding sideways for 70 feet, court was told, Gray's car jumped a ditch and slid another 140 feet into a field before coming to a standstill. Damage to both cars was estimated at \$800.

Charged with impaired driving Gray was fined \$150 plus costs in Victoria police court.

It was decided not to sponsor a fashion show at the Hudson's Bay next month after Violet Grimshaw reported on the date and time available; members will concentrate their efforts on the spring tea and sale to be held on Saturday, Apr. 15.

Delegates appointed to attend the 56th annual meeting of the B.C. diocesan board of the W.A. in Victoria on March 7, 8 and 9, were Molly Beaumont, Eleanor Atkin and Laura Palmer, with Clair Eves as alternative.

Three new tables recently acquired for the church hall have proved very useful already and a letter of thanks will be sent to A. Johnstone who has made five tables to date for the W.A.

A discussion followed on the possibility of completing the church hall and installing washrooms, with lack of water being the chief obstacle.

Eleanor Atkin gave a report on the meeting held at the home of Mrs. Hindley, of Brentwood, to organize the World Day of Prayer in the area. Rose Chapman has been asked to take part in the service for St. Mary's W.A. Clair Eves informed the group of a meeting being held in the church hall, at St. Stephen's on February 12, to form a young people's club, with all young people and parents from Brentwood Chapel, St. Stephen's and St. Mary's Church invited to attend.

Claudia Whipple suggested the W.A. hold a pot luck supper and social evening once a month to raise funds for various church projects. On Tuesday, Mar. 7, date of the next W.A. meeting, members are to gather at the Sunday school room at 7 p.m., and the group will attend the evening meeting of the diocesan board at Memorial Hall, Victoria.

Following the business meeting a shower was held for Miss Heather Wishart, formerly of this area. The table was covered with a lace cloth and centred with a "bride's cake" in the shape of a heart, made by Eleanor Atkin and flanked with miniature ship and sailors in honor of Miss Wishart's fiancé, who is a member of the R.C.N.

Island School Principal In Favor Of Chant Report

Review of the Chant Report on education was given by J. Evans, principal of the Salt Spring Island school at the Parent-Teacher Association meeting on Monday evening. There were 38 members present. They appreciated the information and discussion on education, its background and current trend leading up to the Chant Report of today.

Education today cannot consist

solely of the three "R's", important though they may be. Quality education is a demand and must be paid for, and it is useless to give lip service to our need and still insist on keeping school costs to a minimum. People are privileged to grouse about taxes but should be fair and not single out the school tax alone.

To draw the best type of teacher the profession must be made attractive in a financial way. The dedicated person that will teach for remuneration just for the love of teaching cannot survive in these times, and we should be sensible enough to realize that, the speaker asserted.

Mr. Evans stated that he was in favor of most of the recommenda-

tions in the Chant Report. The reader's ideas and the functions he wants the school to provide will govern his judgment of the report.

CONTEST
Mrs. M. Sober, president of the P.T.A., was in charge of the meeting. Mention was made of the oral contest that the P.T.A. is sponsoring during Education Week from March 5-11.

The contest will take place on March 9, at 8 p.m., in Mahon Hall. There will be 14 students competing, from grades 7 to 12.

A committee, consisting of Mrs. Sober, Mrs. A. McManus and Mr. Evans has been formed to bring forth recommendations to change the constitution and by-laws of the Parent-Teachers' Association, based on the public discussion held last month.

Mrs. G. Nitsche has been appointed as delegate to the P.T.A. convention to be held at North Surrey in early April, when the Hon. L. Peterson, minister of education, will be the main speaker.

BAPTISM OF FOUR BOYS AT ST. MARGARET'S

At St. Margaret's Church, Galiano, on Sunday morning, Feb. 19, the congregation witnessed the baptism of four boys, three of them the sons of Mr. and Mrs. W. G. Graham, and the youngest son of Mr. and Mrs. A. Karr. The latter received the names, Terence William, with his godmother, Mrs. W. Graham and his godfathers, W. Graham and E. Case.

The second son of Mr. and Mrs. W. G. Graham received the names Roger Donald, the third son, the names Robert Wallace, and the fourth son the names Mike Denis.

Godmother to all three boys is Mrs. A. Karr and the godfathers to all three boys are Mr. Karr and Mr. Case.

After the service, they went to the Case residence for a baptismal breakfast.

Cable Fouls Rudder Of Princess

On the regular run of the Island Princess on Thursday, Feb. 24, a wire line got caught around the rudder and propeller shaft of the ship and necessitated limping back into Ganges wharf.

Capt. George Georgeson, in his ship, the Georgeson Bay, took Bob Bambrick over from Galiano, about eight o'clock, and he managed to dive down and free the line from the rudder. However, before he could untangle the line from the propeller shaft his air supply gave out.

The princess proceeded to Port Washington slowly, and a newcomer to Bedwell Harbor, Peter Trump, went down and cut the line off the propeller with a hacksaw, which took about a half-hour.

About 3:30 in the morning they were at Galiano to let off a tired Bob Bambrick.

CHILDREN ENJOY ANNUAL PARTY

North End Sunday school on Salt Spring Island, under the direction of Mrs. J. Byron, Sr., held its annual party last Saturday, with Archdeacon G. H. Holmes, Mrs. Holmes and F. H. Martens, district secretary of the Galiano Bible Society, Victoria, as guests.

Eleven children were present and each child received a balloon, oranges and candy. The children gave a demonstration of memory work, Bible reading and singing.

Mr. Martens had a tape recording made of all the children singing a hymn together and then played it back for them.

A film, "The Saga of the Bible" was shown by Mr. Martens. Mrs. Byron gives much of her time and effort to this Sunday school and her service is highly appreciated by the parents.

Last Rose Is First

Last rose of summer, '60, is the first rose of spring, '61, on Pender Island, where gardeners are pruning bushes still bearing last year's flowers.

Climbing roses are already forming buds on new growth and peach trees are coming into bloom. Early daffodils are blossoming along with crocuses and hyacinths and ambitious gardeners are planting peas and spinach.

FOUNDERS' DAY MARKED BY GALIANO P.T.A.

Founder's Day meeting of the Galiano P.T.A. was held at the home of Mrs. H. Baines, and was well attended.

A decorated cake made by Mrs. H. Brown centred the table. It held 15 candles, signifying the 15 years during which P.T.A. has been active in Galiano.

Mrs. Brown read a brief history of what has been done during the years in the club. Mrs. H. D. Barner also spoke briefly on her impressions as the new trustee of the Gulf Islands School District.

The tentative date for the Spring tea was set for April 20. As Education Week is March 6-10, one day to be announced later will be open house at the school.

The sum of \$20 was voted to buy new books for the school.

Refreshments were served and former presidents of the P.T.A. helped Mrs. Lorenz to light the candles on the cake. They were Mrs. Baines, Mrs. J. Silvey and Mrs. Shopland.

Island Veteran Succumbs In City

Malcolm Sparling, a resident of Pender Island for the past 20 years, passed away on the Veterans' Hospital, Victoria, on Friday, Feb. 24, in his 81st year.

Mr. Sparling had gone to Victoria to spend a few days, when he became ill at his hotel. He was removed to hospital where he succumbed of pneumonia. Father Patrick Hanley will officiate. Interment will follow at the Veterans' Cemetery, Esquimalt.

Sum of \$45 was collected from the sales at the tea and home cooking stall held at Nancy's Coffee Bar on Valentine's Day. This was in aid of the Burgoyne Bay United Church funds and members of the W.A. were in charge of all activities. Miss A. Furd, of the United Church, missed the afternoon party. She was introduced by Mrs. A. House, president of the W.A. Mrs. House thanked all who had participated towards the success of the affair. Over 80 Power Boats To Race

Interest mounts as the Salt Spring Island predicted log race draws nearer. Over 80 power boats are expected to enter. Several members of the race committee, including Vice-Chairman Ed. Johnson, Dennis Milne and Hal Olson, all of Vancouver, visited the Scott Point Marina on Saturday, Feb. 25, to confer with Pete Fralinger.

The race is the outstanding event of the B.C. coast yacht clubs. The navigation skill of the entrants will be taxed to the fullest. This race is to be run partly in darkness and finishing in daylight, through protected waters and across open waters.

The time of year shows they want adverse conditions to test their capabilities. Speed and time must be figured out and turned in two hours before the start of the race, so that the latest weather reports can be received and considered.

Observers will be all along the route and four check points must be passed at the predicted time. All boats are equipped with two-way communication, and will be in touch with the observers at all time.

All participants will arrive with their boats at Scott Point Marina on Saturday, Apr. 8.

EVERY CARGO CALLS FOR BANKING

Its destination may be Bombay, or Oslo, or even fabled Timbuktu.

But wherever it is bound, chances are that a chartered bank is helping to smooth the journey.

Services provided by the chartered banks simplify the task of those who buy or sell in distant lands, who often deal in unfamiliar markets, languages and currencies.

With a network of representatives around the world, the banks provide on-the-spot contacts and useful facilities wherever Canadians wish to trade or travel.

Every day, services of the chartered banks help to move the cargoes that mean so much to so many Canadians.

Sunshine Is Wanted

By MERIDA A. CUMMINGS.

Sometimes one's sense of humor or patience is pushed to the limit—maybe we "don't have to shovel it" but it certainly can get monotonous. Too much of anything can wear thin—even too much sunshine—(you remember what that is?). All of us will be glad to see "ole sol" a little more. All the lovely blossoms and buds need the sun to finish properly what has been started this mild, wet winter. Don't let the growing grass fool you as far as food value for animals. Nutritional value of this growth without sunshine is very low. Of course, the gardener isn't interested in that, as long grass is long grass and needs cutting regardless of food value! Let's all pull for sunshine and no damaging frost as spring on the island is the most beautiful time of the year and we all look forward to the peak beauty of our flowers and blossoms.

Conspicuous by their absence at the P.T.A. meeting when a review of the Chant Report was given by Mr. Evans, principal of the Salt Spring school, were members of the school board. Are they not interested? Egotism is that certain something that enables a man in a rut to think he is in the groove.

NET CURTAINS

Gum arabic, bought in any drug store, used in starching net curtains gives just enough stiffness. Add one tablespoon to a quart of cold water, let stand overnight, strain in the morning, and then dip in your curtains.

—Salt Spring

The 13th annual general meeting of the Salt Spring Chamber of Commerce was held at Mahon Hall, Ganges, on Friday, Feb. 24, with the president, Lt.-Col. D. Crofton presiding.

It showed a balance of \$212.79. A letter from O. H. New, of the Coast Ferries Ltd., was read stating that the service to Ganges would be discontinued on or after March 6. Mention was made that if the Beaver Point wharf was in satisfactory condition arrangements could be made to have the service continued to that point.

A letter from the minister of recreation, the Hon. Earle C. Westwood, informed the gathering that the starting date for work on Mount's Park would be as soon as possible.

Following the president's report, which gave the highlights of the accomplishments of the year, Frank Tretheway was asked to give the meeting a review of the progress being made in the proposed plan for the golf course.

To Mark Education Week Here

Sidney P.T.A. played host to the P.T.A. groups from Sansbury, McTavish and Deep Cove schools at the third annual joint meeting held at Sidney school last week. Separate meetings were held in classrooms and then the groups joined members of the public in the auditorium to enjoy some "Thoughts on Education" as presented by Professor Tony Emery.

The guest speaker was introduced by Mrs. P. Konrath, program chairman, after the audience had been welcomed by Sidney president, Mrs. L. R. Christian. Thanks to the speaker were expressed by Gwynn Owen, of McTavish P.T.A., and refreshments were served by the committee headed by Mrs. W. Gardner.

DISPLAY

During their business meeting,

Sidney members were reminded that Education Week, held throughout the province from March 5 to 11, will be marked by Sidney school with an essay contest for the students, sponsored by the P.T.A., and a display window to be set up in Sidney. Plans are also under way for the big annual spring festival, scheduled for June 9.

FORMER TRUSTEE HAILS FROM ALBERTA

Everett Goddard Concludes Long Term

Except for one year, well known Sidney business man, Everett Goddard, served the board on the Sidney Water District as a trustee for nine consecutive years until his retirement last January.

At the time he commenced his activity together with W. E. Oliver, George Gray, George Pratt, G. A. Gardner and Hugh McIntyre the newly formed Sidney Water District had taken over the water system from the old Sidney Water and Power Company.

The latter company had acquired the water mains from Sidney Mills in 1913.

There were 400 customers nine years ago and the new public utility extended the water mains during the following years to approximately 1,050 connections.

Mr. Goddard, born in Alberta, came with his parents, three sisters and one brother to the Saanich Peninsula in 1918 from Cochrane, Alta., where his father operated a horse ranch.

Mr. Goddard, Sr., who hailed from England, drove some of the first cattle from Montana across the border into Alberta. Originally planning to retire in Sidney, he decided to start an industrial chemistry plant producing a boiler compound and water treatment product.

From 1920-1923 Everett Goddard operated the first garage in Sidney at the site of Laird's grocery store on Beacon Ave. In 1927 he went to Auburn, Wash., where he founded a plant similar to that operated here by his father.

After his father's death in 1931 he returned to Sidney unable to manage

two factories. Four years ago Mr. Goddard developed a new formula for a water treatment product and as the sole manufacturer of this product his firm has many customers.

EVERETT GODDARD

all over the world spreading the name of Sidney as far as South Africa.

Mr. Goddard told The Review that he may consider seeking re-election to the water board at some future date. At present his plant demands most of his time and energy, he noted.

Insurance Company To Boost Dividends For Twelfth Year

Sun Life Assurance Company of Canada will increase dividends to policyholders in 1961 for the 12th consecutive year. Henry B. Howard, manager of the Sun Life branch in Victoria announced following the company's 90th annual meeting in Montreal.

Mr. Howard said Sun Life had an outstanding year in Vancouver Island. In all its operations the company sold \$1,034 million of life insurance to a total in force by the company of \$9,573 million. This is 7.1 per cent more than the amount in force at the end of 1959. Group life insurance accounts for \$3,618 million and new group life insurance sold in 1960 was \$302 million.

Annual premiums on group accident and sickness contracts at year end amounted to \$6,422,000—an increase of 37 per cent over the year.

Mr. Howard said the growth of the company and increased earnings will result this spring in increased dividends to individual, participating policyholders. About \$41,400,000 will be paid in policy dividends in 1961—\$3,000,000 more than in 1960.

Sun Life policy payments totalled \$185 million in 1960, of which \$129 million was paid to living policyholders and annuitants. Payments in respect of deaths occurring under policies and group certificates which had been in force for less than five

ASSETS INCREASE

Assets increased during the year by \$82 million to \$2,339 million. Mr. Howard said the Sun Life continued its policy during the year of investing funds in community projects and particularly in residential and commercial mortgages which now amount to \$609 million.

Income from all sources was \$374 million. The net rate of interest earned on Sun Life assets was 4.57 per cent, as against 4.40 per cent in 1959.

First Tory Meeting Calls On Members To Broadcast Views

Saanich Reeve George Chatterton will put up a fair fight for election in what he termed a "hard campaign". He was referring to the coming Esquimalt-Saanich by-election when he spoke on Friday night at a well attended meeting of the Saanich Peninsula Progressive Conservative party at the Sidney Hotel. It was the opening meeting of the campaign for the new candidate.

Despite recent criticism voiced in the B.C. Legislature, Reeve Chatterton, who was chosen recently as Conservative candidate in the forthcoming by-election, resigned from his post as director of the Veterans' Land Act on Vancouver Island to devote his full time to campaigning.

Quoting one example of his active participation in public affairs, the candidate told his listeners that after his nomination he contacted Ottawa regarding the lengthening of the runways at Patricia Bay Airport.

Although nothing definite was promised by the federal government, Mr. Chatterton received the assurance that this matter would receive immediate attention to guarantee safe landing for the Viscount aircraft in bad weather. The gathering learned that on several occasions flights into Patricia Bay had to be cancelled when unfavorable winds prohibited landing of the Viscounts on the inadequate runways.

COMPLACENCY FATAL
The Saanich reeve warned his audience not to make the fatal mistake of becoming complacent, as only an active campaign, "mobilizing all positive qualities in every

member of the Conservative party, can bring victory."

Reeve Chatterton thanked warmly all those people who supported him at the recent nomination convention. He emphasized that he was unable to express his full appreciation for the excellent co-operation he received.

"We must be one united group," he asserted.

YOUNGER VOTERS

The candidate pointed out that although the Conservative party needs the wisdom of the older people it is most important to reach the young to guarantee continuance of the party's idea in the future.

"We have to make it a very active group," he said.

The basic theme of his platform is "best representation for this area in Ottawa."

The speaker explained that through his connections with various organizations he is well aware of the many problems in the Saanich-Esquimalt riding.

"If I am elected I shall do everything to represent this district," he said.

Concluding his address, the candidate invited suggestions for campaign tactics from the floor.

"I will do all in my power to win this campaign," he emphasized.

Following his speech several members made recommendations for a successful campaign.

SLOGAN

While one of Mr. Chatterton's followers suggested small meetings in different communities to enable everyone to meet the candidate, another recommendation called for the introduction of a slogan to remind people constantly of the objectives.

The candidate stated that he is prepared to meet every group, large or small, to explain his platform. Another proposal from the floor urged word-of-mouth propaganda and enlargement of the party by introducing new people to the various meetings planned for the near future.

Chairman of Mr. Chatterton's campaign committee, Mrs. Nora Lindsay, asked the gathering to encourage every eligible voter in the

ing the week-end. Both Lloyd and Miss Cameron are students at U.B.C. Floyd Hall returned to Victoria after spending four days with his friends, Frank Aldridge and Howard Vine, Swartz Bay Road.

Joan Gardner, Shoreacre Road, celebrated her birthday on Monday by having a bowling party at Sidney Lanes. Following bowling a small dinner party was held at her home.

Mrs. H. Currie, Mainwaring Road, has undergone surgery at Rest Haven Hospital and is reported to be getting along nicely.

Mrs. G. Richmond, mother of W. G. (Bud) Richmond, East Saanich Road, has recently moved from Vancouver to take up residence on Third St. Mrs. Richmond, who formerly lived in Leacross, Sask., is a member of the United Church, and has been active in community affairs.

Following a bowling party on Saturday evening at Sidney Lanes, 12 friends gathered at the home of Mr. and Mrs. F. Derry, Beaufort Road, to celebrate the 30th wedding anniversary of Mr. and Mrs. T. Flint, Third St. The anniversary cake made and beautifully decorated by Mrs. F. Stenton centred the tea table from which refreshments were served. High score prizes for bowling were won by Mrs. F. Stenton and J. Wakefield. These were given and presented by Mr. Derry.

constituency to practise his basic democratic right of going out to vote when the by-election is called.

Wedding At Brentwood

Last Saturday evening in Brentwood United Church, Miss Alice Cameron, in a lovely traditional gown of white, exchanged wedding vows with Earle Brown, in a ceremony performed by Chaplain Horatio Todd.

The bride, daughter of Mr. and Mrs. A. C. Cameron, Tod Inlet, chose Miss Joan Burdon for her maid of honor and Miss Patsy Ferguson as bridesmaid.

The groom, son of Mr. and Mrs. F. Wittrop, Sidney, had Ken Pearson, of Sidney, as best man. Ushers were Gary Cameron and George Brain. Miss Patsy Ferguson sang "Because" and Miss Brenda Wolf was at the organ.

Following the ceremony, guests were received at the home of Mrs. Olive Hutchings, Victoria. Mr. and Mrs. Earle Brown will make their home on Clark Road, Brentwood Bay.

Good Year For Credit Union As Scope Still Increases

Increase in its scope of operations as well as an increase in operating costs was indicated this year by the financial statement of the Saanich Peninsula Credit Union.

Total assets listed for the year, 1960, stood at \$358,407.15 compared with \$305,927.06 for the previous year. Responsible for the material increase were personal loans, rising from \$216,263 to \$254,469 and endowment loans, which were \$44,449 in the earlier year and \$57,725 last year.

In addition to these figures a further series of loans, of \$11,265, brought the total loans during the past year to \$233,459.52.

On the operating side of the ledger salaries increased from \$6,336 to \$7,647 and insurance costs increased from \$3,136.88 to \$4,121.09.

The annual report drew attention to the tight money policy which had been instituted during the period covered to keep in pace with the current economic trends.

Twelve years old, the Saanich Peninsula Credit Union has steadily increased its scope and its assets.

Reject Purchase

Property of 1.74 acres in the vicinity of Keating school, offered the board at a price of approximately \$1,500 per acre, has been rejected.

On Monday evening trustees learned that the property was not suitable for the purpose in mind and formally voiced its rejection.

DON COSSACK CHORUS

Booked For Sanscha, Oct. 28

Announcement was made this week by Claude Johnson that Sidney Rotary Club has completed arrangements for a performance of the famous Gen. Plaffoff Don Cossack Chorus and Dancers in Sanscha Hall on the evening of Saturday, Oct. 28.

"We feel that the public of the Saanich Peninsula and neighboring Gulf Islands will appreciate the opportunity of seeing this outstanding troupe of 25 performers right here in Sanscha Hall," said Mr. Johnson.

"Our guarantee to the Cossacks is naturally a very substantial one but we are confident that at least 1,000 residents will attend the show. If this proves to be the case the Rotary Club will be able to meet all obligations and perhaps realize a small amount for its community work as well."

TICKET SALE

Mr. Johnson explained that ticket sale would be launched later on and he is anxious that the hall be sold out before the night of the concert.

Organized in Prague, Czechoslovakia, by its founder and present director, Nicholas Kostukoff, the Don Cossack Chorus has toured all six continents and has crossed the equator 19 times, travelling in 107 different ocean liners. Membership of the chorus has always comprised the best of vocal talent and dancers obtainable among the White Russian émigrés who fought Communism in Russia.

ARION CHOIR TO SING AT SIDNEY

Arion male voice choir of 40 voices will give a concert in St. Paul's United Church on Friday, Mar. 3.

It is two years since this excellent choir, conducted by Frank Tugman, of Victoria, has been to Sidney. The choir occasionally takes the services in Victoria churches. Its most recent successful concert was given in the Empress Hotel in aid of St. John's Anglican Church, to help replace music destroyed by the fire of that church.

The Arion choir which celebrates its 70th anniversary next year, will have Miss Anne Burridge as soloist. Other solo parts will be taken by choir members. The program consists of sacred and secular music.

This concert is sponsored by St. Paul's United Church evening choir, in aid of the Church Building Fund. Anyone requiring transportation please phone GR 5-2776.
